DATE: JUNE 30 to JULY 1, 2020
TIME: 10:30 AM
PLATFORM: GOOGLE MEET

Organised by
Internal Quality Assurance Cell,
Sitalkuchi College, Cooch Behar

" HANDS ON TRAINING ON THE USES OF ICT IN TEACHING AND LEARNING PROCESS"

During the COVID-19 pandemic we, the earthers, are going through a precarious situation. The global lockdown situation has interrupted our normal course of life. On the educational front, the closure of academic institutions has disrupted the usual teaching-learning process and in this juncture, the students' future is at stake. Needless to say, this pandemic has changed people's age old habits and practices of daily life to a great extent. It is in the air that we are entering into a new era of teaching-learning process. The concept of blended learning has been introduced. It is a model combining traditional format with online methodologies. Hence, ICT enabled pedagogy has become inevitable. We feel that many of our teaching fraternities who are competent enough in traditional chalk-talk teaching model may have hesitation in adopting online methodologies. Hence, it seems essential to upgrade the technical skill of all teaching faculties of Sitalkuchi College. In this back drop, Sitalkuchi College IQAC Committee endeavours to keep all the faculty members of Sitalkuchi College updated and upgraded in front of the upcoming challenge in teaching learning environment . Hence, an Online training programme has been initiated. We look forward to all faculty members as enthusiastic participants.
